

### **Calshot Youth Ski Club finishes their 2024-25 season on a high.**

Another fun-filled season that included a snowman-building competition and a snowball fight, ended with the presentation of 8 Bronze, 8 Silver and 8 Gold medals for the end-of-season slalom races. Medals also recognised 2 most-improved skiers.

In a new venture this season, the club ended the season by moving from the dry slope to wet (and cold) snow at The Snow Centre, Hemel Hempstead. This was a huge success with everyone, including a few parents. Everyone had a great time. Instructors were impressed by how well they adapted to the longer slope and conditions, and how much their skiing improved which resulted in an increase in their skiing level. One 3-star, two 4-star, and sixteen 5-star Snowlife Ski Award were achieved. See 2025 Ski Race results and Snowlife Awards
